TERMS AND CONDITIONS

The Sioux Falls Chamber of Commerce, solely in the interest of improving quality and increasing livestock numbers in the Sioux Empire area, takes pride in presenting this offering of QUALITY PUREBRED LIVESTOCK.

Through the cooperation of the respective breed associations, every effort has been made to produce only such consignments that are a credit to their association.

The terms and conditions under which this sale will be conducted are as follows:

- 2. Buyers will assume all risk on animals as soon as they are declared sold.
- 3. The auctioneer will settle all disputes as to bids.
- 4. The Sioux Empire Farm Show acts only as agent for the several consignors in this sale and does not assume any responsibility of the animal's future usefulness. If an adjustment needs to be made, it must be made between the purchaser and the consignor.
- 5. Any change in breeding date will be announced sale day.
- 6. Terms of every sale are cash. Settlement to be made with the sale clerk, at the time of sale unless special arrangements are made with the clerk.
- 7. Every consignment must conform with existing state sanitation regulations. All necessary health certificates will be issued.
- 8. Mail bids will be accepted by the Breed Superintendents.
- 9. During sale week, telephone bids will be accepted at the sale arena, phone number 334-3450.
- 10. Every precaution will be exercised for the safety and welfare of those attending the sale. However, the Sioux Empire Farm Show, the management or anyone helping with the sale assumes no responsibility for accident or injury.
- The Banks of Sioux Falls are cooperating in the Clerking.

When money can help make things grow...

We're with you.

South Dakota's number one bank wants the best for South Dakota's number one business—agriculture. We make loans for livestock, feed and seed, new equipment and operating capital. The National Bank of South Dakota puts more money to work in agriculture than any other bank in the upper midwest.

Our policy is very simple and effective. We make loans for anything that helps to make agriculture strong, and helps to make ranchers and farmers prosperous. Come in and talk it over. When you need money to grow on, we're with you.

NATIONAL BANK OF SOUTH DAKOTA

We're with you.

WITTS LODGE 31 7996567 — One of the tallest, longest, most "modern" sons ever produced by Black Watch Lodge 534, our son of Lodge of Wye. This bull is structurally correct with a straight top, straight legs, heavy bone, heavily muscled, and shows a lot of breed character and style about him. The dam is an Eldorene cow, one of the top line of cows in our herd. This dam is the maternal grandmother of our \$3400 top selling bull at the 1974 Open to the World Bull Sale at Atkinson, Nebraska. Stop by the stalls and see this bull. We;ve liked this ever since he was born and think you will too. He will develop into quite a bull and will get BIG as he's only 17 months old now. WITTS LODGE 30 7996562 — Here's a big, long, tall, powerful, masculine bull with a lot of stile and breed character about him. This bull is by the 634 and out of the biggest Blackcap McHenry cow we have, weighing 1550 pounds. 2 half sisters to this bull received purple ribbons at the AK-SAR-BEN and are presently in the herd producing for us. Bill Sippel, Schaller, Iowa, and Lorne Goodrich, Brewester, Nebraska, have half brothers to this bull. The 634 has the best disposition of any bull that we have ever had and the calves seem to be a lot like him; easier to handle, break, and quite uniform. This bull seems to be no exception. If you want a big, rugged, powerful bull, check this bull over. He's only 18 months now and is already BIG. Sells semen tested.

WITTS LODGE 18 7778117 — The 634 is indeed siring the big, modern type Angus cattle for today's cattleman. Our cattle have been bred for size with these Wye calves being no exception. They seem to speak for themselves as they are the right kind the purbred breeder and rancher are looking for to improve his callte and put those extra pounds and size on his calves. A top of the 634 and out of a good Blackcap Bessie cow. Notice K F Bardolier 4 still showing in the pedigree on the dams side. He should make a fine herd bull as he's bred right. Look at him. CHAROLAIS INDEX

Pre-Charolais Day Educational Seminar

THURSDAY, January 30, 1975 10:30 A.M.

At Walt and Mary's Restaurant, East Highway 16.

Speakers will include J. W. Gossett, Executive Secretary of A.I.C.A., and others from the headquarters at Houston, Texas.

Here is a chance for us as Charolais Breeders to meet some of the people who help promote Charolais, the greatest beef breed in the world.

Don't miss the opportunity to invite prospective buyers and other cattlemen in your area to attend this great event.

LETTER TO ALL WHO SEEK GREATER SUCCESS IN ANY PHASE OF THE BEEF INDUSTRY

Welcome to the EFFICIENT world of Limousin.

Those dedicated producers who exhibit breeding cattle at the Sioux Empire Fair are representative of all men and women who are sincerely trying to provide "super seed stock" for the beef industry, regardless of which breed they believe best for the future producers of beef, the world's finest food. The intent of those who are exhibiting the Limousin breed is to show everyone why they believe many more cattlemen should take advantage of the genetic improvements that result from crossing their good cattle with Limousin.

The most important single element in the production of anything useful to man is EFFICIENCY, so that all people may have more product with lower cost. Our Limousin breeders are experienced, progressive cattlemen who have proven their breed to be the most

EFFICIENT cattle currently available.

Please talk with these people. They will be happy to help you get started now in the Limousin world of total herd EFFICIENCY.

Submitted with the utmost respect for all cat-

tle feeders,

Sincerely, Jim Easland, President South Dakota Limousin Association

Limousin

FOR TOTAL BREED EFFICIENCY

Limousin have many outstanding traits valued by today's beef cattle industry. Limousin cows are efficient size beef cows that produce big, growthy, meaty type calves and do it with a lower annual maintenance cost. Limousin cows are outstanding in mothering ability and wean a high percentage calf crop. The total breed average in France is 93% calf crop. Research at the U.S. Meat Animal Research Center at Clay Center, Nebraska, shows that Limousin cross cows cycled faster and had a higher conception rate than other continental breed crosses in the test.

HIGH PERFORMANCE

Fast, efficient growth rate from birth to slaughter is another outstanding characteristic of the Limousin breed. French Limousin bulls consistently grow out to weights of 1,000 to 1,100 lbs. at one year of age on a grass and high roughage ration. Limousin cross steers in both Canadian and U.S. research and in many commercial feedlots have been tops in feed conversion.

"THE CARCASS BREED"

The Limousin breed has been dubbed "The Carcass Breed." Research and experience with the Limousin breed since its arrival on the North American continent has proven conclusively that the Limousin breed is entitled to its reputation as "The Carcass Breed." U.S. and Canadian research show Limousin crosses are unexcelled in cutability and carcass yield. There is approximately 5% advantage in Limousin crosses over British breeds and crosses in percent cutability and percent retail product. A long list of carcass contest winnings by Limousin cross steers further substantiates the outstanding meat qualities of Limousin cross cattle.

THERE'S A LIMOUSIN IN YOUR FUTURE

No matter what phase of the beef industry you are involved in, there is a Limousin in your future. The cow-calf man will like the efficiency and fertility of Limousin cross femals. Feedlot operators benefit from their fast, economical gaining Limousin steers and beef packers are looking for the high cutability carcass of the future — Limousin.

DEAN JACOBS

I am indeed proud to be working with the South Dakota Limousin Association's annual Red Carpet Sale. This is the first year the sale is being held in conjunction with the great Sioux Empire Show, and is without doubt the best Limousin offering ever assembled in South Dakota. The name, "Red Carpet Sale," is certainly befitting the cattle being offered as well as the opportunity awaiting you in this consignment.

As sale manager for the Red Carpet Sale, I have selected the 56 sale lots from over 100 head that were nominated for the sale. The South Dakota Limousin breeders are to be commended for their willingness to throw open the gates and allowing us to select their very best for this

tremendous offering.

South Dakota is No. 1 in Limousin, both in the number of Limousin cattle recorded with the North American Limousin Foundation as well as best quality Limousin cattle in North America. The very best Limousin breeding herds can be found in South Dakota. The great Limousin herds you will find elsewhere in the country were most likely purchased in South Dakota.

As you study the performance records, the pedigrees, and the individuals themselves, you'll appreciate the outstanding cattle in this offering. Buy with confidence — you are buying the best of the breed at the Red Carpet Sale.

Sincerely, Dean Jacobs NOW — you can record the female offspring of 75% Limousin bulls. The North American Limousin Foundation has recently announced a new recording program, called SILVERMAKER, whereby you can record female offspring of 75% Limousin bulls. Now you can participate in a breeding up program without using Artificial Insemination. The female offspring of 75% Limousin will be called Silvermakers and recorded as 37% Limousin blood. Outstanding 75% Limousin bulls such as are being offered in this sale will make a tremendous start in the Limousin business for you.

SALE TERMS AND CONDITIONS

BIDDING

Each animal will be sold to the highest bidder without reserve.

BIDDING DISPUTES

The Auctioneer in charge will settle any disputes as to bids, and his decision on such matters will be final.

TERMS

Terms of sale are cash.

PURCHASER'S RISK

Each animal becomes the risk of the Purchaser as soon as sold.

HEALTH

All animals are eligible for interstate shipment; except as otherwise announced from the sale block. Interstate health papers will be furnished for each animal over six months of age. Each animal requiring T.B. and Bang's tests in accordance with Federal Regulations will have been tested within 30 days prior to the date of the sale. Such tests have been made by an accredited veterinarian and blood samples have been processed by a state federally accredited laboratory. A veterinarian will be on hand sale day to transfer health papers to the new owners.

ANNOUNCEMENTS

Any changes of information of any kind in this catalog will be announced from the auction box and such announcements shall take precedence.

BREEDING GUARANTEE

All females, 12 months of age or older at sale time, are guaranteed to be breeders. If, at the end of 90 days after proper exposure, the buyer is unable to get a female settled, after first notifying the seller in writing, he may return the animal at the buyer's expense to the seller. The seller, at his option, may replace the female with one of equal quality, refund the purchase price, or he may elect to prove her a breeder. If he elects to prove her a breeder, the seller must breed the returned female to a registered Limousin bull of equal or higher percentage Limousin blood. If he fails to get her settled within 150 days of her return, replacement or refund becomes mandatory. Replacement, in this case, would mean a bred female which meets the buyer's satisfaction. This breeding guarantee does not apply if female is bred to calve sooner than 24 months of age, or older than 36 months of age.

All bulls, 12 months of age and over at the time of sale, are guaranteed breeders. A bull is determined a breeder when he settled one or more females and/or passes a satisfactory semen test. Certificates of a satisfactory semen test will be provided at sale time for all bulls 15 months of age or over.

Cattle believed to be non-breeders are returned to the seller at the buyer's expense. If they are proved to be non-breeders, transportation expenses of the replacement, if made, will be paid by the seller.

RIGHTS AND OBLIGATIONS

The above terms and conditions of sale shall constitute a contract between the buyer and seller of each animal and shall be equally binding on both. Each sale or resale of an animal constitutes a separate transaction. Neither the owners, the Sale Manager, nor any other person connected with the management of the sale, assumes any liability, legal or otherwise.

Electrical safety is no accident!

Take care.
